Activities for Everyone - at All Levels

Be a part of a creative community.

You can start playing an instrument, or join a group who plays the same instrument as you. Start to play in a band. Be a part of our dance studio. Or even try out playing theatre with a lot of other children.

And you will meet new friends along the way!

Music :: Singing :: Production :: Dance at Rytmisk Center

Are you passionate about playing music or singing, or are you curious to try it out? Rytmisk Center offers courses and opportunities for you to develop your interests, whether you're a beginner or skilled. We have a long tradition of music education. Everyone is welcome regardless of level, and whether music is your hobby or your great passion.

You can learn to sing, play an instrument, join a choir, play in a band, write your own songs, or work with music production. All lessons are conducted in groups, allowing you to share your musical interests with others. All our instructors are experienced musicians and educators. Our lessons take place in our own facilities on Vesterbrogade and Øster Farimagsgade in Copenhagen. We have dedicated spaces equipped for the lessons we offer, and we also provide some instruments.

Each year, we offer approximately 500 courses that start continuously - keep an eye on our website at **www.rytmiskcenter.dk for updates.**

Music Production

Are you curious about how music is created in a studio?

Are you looking to be able to spar your music with others? Are you already writing your own songs or want to find out how to get started?

Music production is the place where you get all the tools to kick-start your music creations!

Together with the teacher, you will learn about everything from writing lyrics and melodies to creating beats and recording in a music program.

Singing

14-18 years

7-13 years

Learn to sing and become a better vocalist by using your voice correctly. You will acquire a wide range of singing techniques and artistic skills. Develop your voice as an instrument with a focus on technique (breathing, support, and tone) and expression (interpretation, emotion, and phrasing). You will be introduced to various music genres, becoming a vocalist with broader musical ability.

Rotational Ensemble Play

This option is for those who never learnt to play an instrument but still want to participate in ensemble play.

DANCE

14-18 years

Dance is an expression where you put your feelings and thoughts into motion. Dance is messages and attitudes.

We mix many different dance styles: hip-hop, house, wacking, modern, dancehall etc. Dance is a performance, and therefore we also work to get beyond the stage so that the message is embedded in the audience. We create a safe environment where you can freely move yourself and move your audience.

Learn to dance based on choreography, and become aware of your own form of expression and method.

PRACTICAL INFORMATION

FACILITIES

Our lessons take place in Rytmisk Center's facilities on Vesterbro and Østerbro. Our rooms are equipped for the musical disciplines we teach. Practice and rehearsal rooms feature pianos, drum sets, percussion instruments, amplifiers, and cables. There are common areas on each floor where you can wait before or after your lessons. An elevator is available for access to all floors on Vesterbro.

In the evenings, our Evening Host is present and can assist with finding rooms, equipment, or answer any questions.

REGISTRATION & PAYMENT

You can find all our current offerings at:
www.rytmiskcenter.dk

On our website, you can find detailed descriptions of each course, including class times and the instructor's information. Contact details for all instructors are also available. Registration is done through the website, where you will be directed to the registration form and payment options.
